

GABRIEL DUMONT INSTITUTE
OF
NATIVE STUDIES AND APPLIED RESEARCH INC.

NEWSLETTER

MAY 1992

Welcome! This is the first issue of the Gabriel Dumont Institute Newsletter.

The purpose of the Newsletter is to keep staff and students aware of personnel or departmental initiatives, programs, services and any other items which may be of interest.

Whether you are staff or student and have any newsworthy items that you would like to see included in the newsletter, please send them to the GDI Newsletter Committee. Committee members are: -

- Leona Poitras
- Maureen Eyre
- Barb Kozack

Your article could include: - program updates, graduation, birthdays, humour, other announcements

We need your ideas and input!

The GDI Newsletter Committee does not accept responsibility for the views or opinions expressed by contributors, however, normal editing procedures are carried out if necessary.

ADMINISTRATION & FINANCE

Regina Staff:

Christopher Lafontaine, Executive Director
Beverly Cardinal, Assistant Director
Myrna Martyniuk-Thatcher, Director of Administration and Finance
Erma Taylor, Admin Coordinator

Lee Rejc, Admin Coordinator, Student Services
Leona Poitras, Information Officer
Raymond LaFontaine, Custodian
Norma Belanger, Confidential Secretary
Gale Badley, Clerk Steno
Barb Kozack, Clerk Steno
Maureen Eyre, Clerk Steno
Eileen Banks, Accounting Clerk
Maureen Bandas, Accounting Clerk
Amber Gervais, Accounting Clerk

Hello, from the staff of Admin and Finance!

We would like to welcome Bev Cardinal as our new Assistant Executive Director. Bev assumed this challenging new position effective April 15, 1992. Congratulations Bev, President of Riel Local #33!!

We would also like to extend our best of luck to Christopher Lafontaine who will be furthering his studies in the near future.

As some of you already know, Myrna Martyniuk-Thatcher received her CMA (Certified Management Accountant) designation November, 1991. Now that she's fully accredited, we have been told that the accounting staff have been testing her new found expertise. Congratulations Myrna, CMA!!

From the desk of E.T.:

"I would like to personally thank everyone who worked so hard and long making our last conference the success it was."

Even though it seems that our last conference has just ended, she's been running around making preparations for next year's conference. With that in mind, if you have any ideas or suggestions that you would like to see at this conference, please contact Erma. Congratulations Erma, Secretary of Riel Local #33!!

From the unsung heroes who clean, file, type and write cheques! We would like to thank the management staff who have included us in the overall activities of the Institute by way of communication such as support staff meetings. This insight has allowed us to participate in the planning and goals of the Institute as well as to effectively carry-out our day-to-day duties. Now on a more lighter note, we all look forward to seeing you in June at Madge Lake!!

CURRICULUM UNIT

Staff:

Lee Rejc, Admin Coordinator (Student Services/Curriculum)
Anne Dorion, Curriculum Officer
Alan Tremayne, Curriculum Officer

In this, our first submission to the GDI newsletter, I would like to take the opportunity to introduce our new Curriculum Officer:

Alan Tremayne - has been on staff since March 16, 1992. He has been appointed to the I.M.E.A.C. Board and has been working on several projects, updating the Public Service Booklet, advising Saskatchewan Education Branch Indian and Metis Education on glossary terms for Native Studies 30 which will be released at Wannuskewan Park, June 4th. He is also working along with writer and illustrator, Darrel Pelletier on a series of K-3 reading level stories that can also be used with ESL/D students.

Alan brings to our department his experience as a teacher of Native Studies in the K-12 system at Cross Lake School in northern Manitoba.

Anne Dorion has been doing research on Metis Veterans for an upcoming book. We regret to inform you that Anne has been ill for some time, we all hope that a speedy recovery is in store for Anne.

Trish White has joined our curriculum team for a thirteen week term beginning May 11. She is a

recent graduate from SUNTEP Regina. One of her duties will be to edit the "Horse Stories" that have been shelved for several years. We would like to welcome Trish to our staff.

New Release! New Release! New Release!

GDI Curriculum Unit is pleased to announce the release of our newest production **Flower Beadwork People** written and illustrated by Sherry Farrell-Racette. This book is a beautifully illustrated, full-colour children's book that provides historically correct information about the Metis people. They will make wonderful gifts for any child. Paperback - \$9.95 (plus GST) Hardcover - \$16.95 (plus GST). Order yours today!

LIBRARY

Staff:

John Murray, Coordinator (Library Services, Regina)
Marilyn Beihumeur, Librarian, Regina
Pat Kelly, Library Technician, Regina
Bette Desjarlais, Librarian, Prince Albert
Donna Biggins, Clerk Steno, Prince Albert

Judy Silver - has joined the Library Re-con project team in Regina. She has extensive experience in government libraries, Provincial Library and has specialized in cataloguing and database searching with overall experience in running smaller systems. Judy is originally from the USA and followed her BA in Education from the University of Michigan, with library tech courses and post graduate work in School Librarianship from the U of Manitoba. She will be with us 3 days per week until fall.

FOR YOUR READING....

- The library has purchased a gross edition of **Briarpatch**. That's right 144 copies of a terrific issue on "500 years of resistance" and "survival-combatting colonialism". Thanks to the Sask 500 years Coalition we can offer your program a dozen copies each for resale at \$2.15 each or as gifts. Tell your program co-ordinator to order some for your library. Don't wait another 500 years for your library. Don't wait another 500 years for these well researched articles on Columbus, Borrigault; Doucette, Bell on residential schools, Wapass on Indigenous Women, Uranium, Oka, Forest destruction, Aboriginal people elsewhere. Contact: John Murray.

- Be sure to request Maria Campbells' film "The Road Allowance People" just released, to purchase a copy for your centre, contact our library or write to: Larry Hertzog, Halfbreed Productions 62 Charles Street East, Toronto, Ontario. Phone: 1-416-921-9300 or Fax: 921-6967.

- **Sexual Harassment**. The Library has recently acquired some existing policies on this and equality in the workplace from the U of R faculty association and S.G.E.U. Please ask for copies for your centre.

- **How to Plan**. A quick five page summary for those who have to turn great ideas and suggestions into clear concise steps to reality. Action Plan example includes: Covers Resources, Management, Tim Line, Information Objectives issues and Evaluation.

RESEARCH & DEVELOPMENT

Staff:

Donavon Young, Director
Liz Troyer, Research Officer
John Dorion, Research Officer
Kuan Yang, Research Officer
Ingrid Gallagher, Curriculum Developer

Cathy Littlejohn and her husband Cecil King moved to Kingston, Ontario in December. (So

now she is Cathy Littlejohn King who lives on King Street in Kingston, Ontario! Cecil has accepted a teaching position with Queens University. After moving, Cathy spent about one week in her new home in Kingston before we contracted her back to Saskatchewan for a two month position with PATHWAYS. We will miss Cathy and her wonderful personal and professional skills.

Cathy's position in R & D has been filled by *Kuan Yang*. Kuan has a doctorate in Education Administration from the U of S and several years experience in research and teaching at the high school and university levels. Kuan's wife and 14 year old son will be moving to Regina from Saskatoon at the end of the school year and we look forward to welcoming them.

Donavon young and Liz Troyer have had a paper accepted for presentation to the Royal Commission on Aboriginal Peoples and will be travelling to Ottawa to meet with the Royal Commission at the end of April.

R & D has recently coordinated an Aboriginal "Stay In School" Speakers' Bureau of 95 individuals who are willing to do presentations to students, organizations, etc. Some of the speakers will also conduct craft circles along with their presentations. A Resource Manual describing the Speakers, their addresses and phone numbers is available free of charge by contacting either John Dorion or Liz Troyer.

SIAS - NATIVE SERVICES DIVISION

Staff:

Christopher Lafontaine, Vice-President
Bev Cardinal, Director/On-Campus Programs
Maggie Dubois, Admin Coordinator
Vickie McCaffrey, Counsellor, P.A.
Sherry McLennan, Counsellor, (Temp)
Rena Lambert, Counsellor, P.A.
Brian Gallagher, Counsellor, Saskatoon
Shirley Boucher, Counsellor, Regina
Counsellor, Moose Jaw (Vacant)

Our division is designed to develop, establish and promote measures which will enhance the participation, success and the cultures of Aboriginal people with SIAST.

Staff of the Native Services Division (NSD) wish to say "Hello" to all of you in GDI-land.

Just a short update on happening within NSD. The first meeting to begin discussions on the Dumont Technical Institute was held on April 14, 1992, between representatives from GDI and Saskatchewan Education. Staffwise, Rena Lambert will return to work at Woodland Campus on May 4, 1992. Rena has been on maternity leave - she is the proud mother of a son. Regretfully, Sherry McLennan, who was hired as the temporary replacement for Rena, will be leaving us at the end of April. Sherry, it has been a pleasure having you as part of our staff complement and we wish you all the best in your future endeavours! In the absence of an NSD program counsellor at Palliser Campus, these services are being provided by Brenda Hackl, Education Equity Coordinator (Palliser). Also, congratulations to our Director of NSD, Bev Cardinal in her appointment as Assistant Director of GDI; Bev will eventually assume full responsibility while Christopher is away.

Until next time, happy reading!

** By the way, Maggie Dubois became Maggie Gordon when she decided to tied-the-knot on May 9, 1992. Congratulations Maggie, may you and your husband Vince live a long and happy life together.*

SIAST/NSD - SASKATOON

Kelsey Aboriginal students did very well at the Saskatoon Indian and Metis Friendship Centre Awards Night on Thursday, April 3, 1992. Last year at the annual event, the Kelsey Aboriginal Students were very happy to win a fourth place trophy in Co-Ed volleyball. This year they outdid themselves. A group of delighted students were honoured by their peers. Because of the elevated

interest in volleyball this year, they were able to field two teams in the league. The season lasted from October to March.

At the completion of the round robin event, the two teams were tied for third place. After the play-off round, the teams finished up with the following awards:

Kelsey Aboriginal Student's Associations (KASA) finished in fourth place; Kelsey Native Student Activity Centre (KNSAC) - First Place Supplement to these awards - KASA was awarded the Most Sportsmanlike Team; Sharon Kinequon, Joseph Redwood and Brian Gallagher were named to the All-Star Team, and Dean Wapas was named the Most Valuable Male for the entire league.

The emphasis of the league is participation and fun. The latter is probably the most important. This was definitely the case as far as everyone was concerned. At this time we would like to thank Kelsey Staff that assisted with the use of the gym for practices.

- Brian Gallagher, Instructor/Tutor, NSD Native Student Activity Centre

COMMUNITY TRAINING RESIDENCE

Staff:

Alphonsine Koehler, Director
Janice Nicotine, Program Coordinator
Kay Mazer, Residence Supervisor
Gloria Forbes, Residence Supervisor
Virginia Guiboche, Residence Supervisor
Carol Whitley, Residence Supervisor
Michelle Legare, Lifestyles Counsellor
Louise Fraser, Clerk Steno
Sylvia Wilkes, Cook/Residence Supervisor

The Gabriel Dumont Institute Community training Residence (CTR) is a community based facility that provides residential counselling and support services to female offenders who are serving sentences under provincial jurisdiction.

The GDICTR program is developed with a unique focus on the needs of Aboriginal women. The CTR provides supervision and opportunities for treatment, education, training and employment through the use of community resources. The CTR operates through a contract with Sask Justice. CTR began operating in November 1989, from a temporary facility and assumed permanent residence at 123 LaRonge Road in Saskatoon on February 1, 1991.

To date the CTR has housed and assisted with the reintegration of over one hundred and forty women, 67% of these women were of Aboriginal descent.

BUSINESS ADMINISTRATION PROGRAM - CUMBERLAND HOUSE

Staff:

Leslie Martin, Program Coordinator
Richard Iverson, Faculty
Angela Rompain, Faculty
Adelaide Settee, Clerk-Steno

The Cumberland House Business Administration Students have completed their one year Certificate and are currently working towards their Diploma. The program has been extended from a certificate to Diploma offered through the University of Regina.

The students have completed a variety of courses. These range from financial accounting, management, marketing and economics to Cree, sociology and biology.

Their second year will include upper level management and marketing courses as well as cost-accounting, finance and computer science.

Apart from classes, the students have been involved with fundraising activities, curling, volleyball, broomball and hockey. With summer approaching, the staff and students will be participating in softball.

This past year has been a challenge for the students, and the staff at GDI are very proud of their success.

BUSINESS ADMINISTRATION PROGRAM - MEADOW LAKE

Staff:

Jack Siu, Program Coordinator
Brent Ballard, Faculty
Wanita Oullette, Clerk-Steno

The Business Admin Program in Meadow Lake is stepping into a new dimension. Students are beginning to taste the real academic life.

Being a university student is never easy, especially to our Metis students in Meadow Lake where they have never had the opportunity to experience high quality education. Too many of our students, they recognize the value and importance of education to their future, they want to be part of the dynamic change in our society. University training, we believe, will at least provide an equal opportunity to our students when it comes to job placement. Best of all, education provides them with a sense of self-esteem and confidence that they know they don't necessarily have to depend on others while they are capable of doing things on their own.

Although the program has not received any formal confirmation regarding its destiny of extension, there is already interest and support expressed by our students, the Metis Society and the community as a whole. We believe the Business Admin Program in Meadow Lake is the right program delivered in the right location at the right time.

We also believe our students have the courage and potential to accomplish their goals. Even though the road ahead to success is full of obstacles and challenges, we the staff, as a team, are dedicated and committed to assisting our students to become the type of individuals that can overcome obstacles and challenge in their academic lives.

I know this education means a great deal to our students, and I know the Metis people of Saskatchewan and the Gabriel Dumont Institute would be so proud of themselves when they have the opportunity to walk on that platform to receive the Diploma that they have longed for!

Good luck to the students of Business Admin in Meadow Lake.

HEALTH CARE ADMINISTRATION - ILE A LA CROSSE

Staff:

Brian Favel, Program Coordinator
Jacqueline Hunchak, Faculty
Lillian McLean, Clerk-Steno

The University of Saskatchewan, Faculty of Commerce, Health Care Administration Certificate course started at Gabriel Dumont Institute in Ile a la Crosse on August 6, 1991 with 20 students.

The first three weeks included: Orientation, Northern Health, Health Issues, and Introduction to Health Care Administration. This was followed by a preparatory course: Computer Introduction (Sept.2-13) and English/Methodology (Sept.16-Oct.25).

We completed the concentrated First Year of Health Care Admin in December, and the Second Year Acute Care course, on March 13, 1992. The class average was 82.3%.

Aside from the heavy workload (as well as family responsibilities), some students have still found time for fundraising, and to take other classes or sit on Boards. Marie Favel is on the Rossignol School Board, Robert Malboeuf is Vice-President of the Metis Society Local #21, Ile a la Crosse. Earl Pelletier is President of Local #21 and a LAMB-LFDS Board member. Pauline McGaughey is a Board member of the Provincial Metis Women's Council, Local #21 and LAMB-LFDS. Julie Smith-Fehr has been taking an Athabasca University Physiology course. Celina Robillard is our representative on the GDI

Student Council. At present, we have 16 students taking the Long Term Care section, which continues until June 1992.

We will be attending Health Care Administration classes and the annual Spring Seminar in Saskatoon at the U of S, May 3-13. We will be participating in the Northern Health Conference in Prince Albert, May 14-15.

During the summer (June 27 - September 4), we will be taking the Accounting section of this course. For the rest of the year, students will go to various locations in the province for a 4 month formal practicum, which provides work experience in a Health facility or organization.

HOME CARE/SPECIAL CARE AIDE PROGRAM - NORTH BATTLEFORD

Staff:

Morris Onyskevitch, Program Coordinator
Sharlene Loch, Faculty
LeEitta Gallie, Clerk-Steno

The ever increasing geriatric population places a growing importance on the availability and skills of the medical profession. With the increasing complexity of medical problems in geriatrics, the medical team of nurse's aides need a sound knowledge base to deal with these problems. This program prepares students to give personal care to the elderly and to help people help themselves whether in their own home or in a nursing home.

The core program began on January 6, 1992 in the Battleford Indian and Metis Friendship Centre. Presently, we have twenty students consisting of nineteen females and one male. We are nearing the end of the first semester of classes which will be followed by a four week practicum. The students have to date learned many health related skills, i.e. temperature and blood pressure taking, bathing, skin care, communication, human growth and development, nutrition and feeding.

They will be applying these skills at the practicum sites, namely, River Heights Lodge and Villa Pascal.

Our second semester begins on May 18 with six weeks of classes followed by a final six weeks of practicum placements. This will consist of 50 hours in the field of Home Care along with 100 hours in Special Care.

We are extremely proud of our people and their commitment to succeed and serve our elderly population.

INTEGRATED RESOURCE MANAGEMENT - BUFFALO NARROWS

Staff:

Mike Kanhai, Program Coordinator
Robert Wright, Faculty
Danny Robinson, Faculty
Lula Olson, Clerk-Steno

The purpose of the GDI Integrated Resource Management (IRM) program is to enable Metis students to complete the accredited SIAS-IRM program in a northern environment. The students are supported by the Canadian Employment and Immigration Commission so that their participation in the program brings the double benefit of education and income to Buffalo Narrows and the north.

IRM students study the principles and practice of integrating the management of forest, wildlife, fisheries and park resources. They learn how to identify the significant plant, wildlife and fish species of Saskatchewan and how to apply proper management techniques to ensure sustainable use of our natural wealth. The objective of the course is to give the student both the technical details and the broad perspective needed to prudently manage the wildlife, plants, waters and soils of northern ecosystems.

Why a special Integrated Resource Management program for Metis students? Because the north

and Aboriginal governments are moving into an era of greater local control, an era in which Aboriginal people will be demanding greater control of natural resources by and for northern residents.

One important advantage of Buffalo Narrows as the location for the program is that Metis students can continue to function in a familiar cultural context over the course of their education. Of equal importance is the proximity of the class to the natural resources that are being studied. The forests, lakes, streams and wildlife that are the focus of the program are literally right on our doorsteps.

This program is a first for Canada. The students and staff are both excited about and appreciative of the opportunity to be on board for this unique experience. GDI and the Metis people of Saskatchewan can be justifiably proud of what is being accomplished here at home in northern Saskatchewan.

SUNTEP - PRINCE ALBERT

Staff:

Julie Pitzel, Program Coordinator
Kathy Nelson, Faculty
Murdine McCreath, Faculty
Michael Relland, Faculty
Elaine Sukava, Faculty
Sandy Sherwin-Shields, Faculty
Shirley Warren, Clerk-Steno

On behalf of the P.A. SUNTEP students and staff I wish to extend greetings to everyone! I will share the past 8 months of work and fun and what it feels like to transform from SUNTEP students to a SUNTEP faculty member. In September our orientation took off on a whirlwind of activities such as scavenger hunts, mixer games, ball games and the greatest motivational set of the program, a trip to Batoche. In October the students and faculty experienced the pleasure of our first Culture Camp at Camp Kinasao, Christopher Lake.

November saw the first year group undergoing the most difficult ordeal of their upcoming four years, the infamous Survivors' Banquet where they investigated and publicly announced the misdemeanours of the second year students. However, five of these second year students have brought further honour and recognition to our centre as they were awarded undergraduate scholarships from the U of S. These students were Patty Harriot, Cheryl Arcand, Linda Bird, Darlene Paranteau, and Debbie Reynaud.

By the end of their fall term exams in December, students from all years were invited by the S.R.C. to enjoy a Christmas party with family and friends.

Some fourth year students had other reasons to celebrate as the end of the term also symbolized the end of their stay with us. Several of these students who had just completed their internship found their holidays were short-lived as they became employed in various school systems by January. Congratulations to Reg Nicholas at Queen Mary. We also wish to congratulate Chester Knight, Mary Bighead, Lala Caisse, Mary Freeman, Sarah Lee, Rose Anne McCallum, Rick Parenteau, and Heather Vansil on a successful internship.

The winter term has seven students out and about Saskatchewan involved in their internship. The rest of us are anticipating and preparing the final SUNTEP celebration for these graduates on May 22 at Ed's Inn. This year's theme is "Fly Like An Eagle".

Lon Borgerson and SUNTEP Theatre has been busy warming up the winter of audiences in the city. "The Wheels of Justice", a drama which satirizes the arrival of Columbus is heading for fame and fortune in Duck Lake on June 11 and there may be possible engagements in La Ronge and Regina. For those who have not had the pleasure of meeting C.C. and the crew, the drama will be held at the John Cuelenaere Library on April 27 at 7:00. Admission is \$5.00.

Considering all this activity of the past year, one would wonder when students had time to study, it appears certain member of our program did not have enough to do:

- our community has grown, thanks to:

* *Debbie Reynaud who gave birth to Brendon Wayne, March 16. Brendon weighed 8 lbs. 5-oz.*

* *Rod MacPherson, Professor for English 110 was not preoccupied enough teaching second years and brought us a picture of his son, James Norman who weighed 6lbs. 6-ozs. James was born on February 20.*

* *We are now waiting for Kathy McKay and Mary Lou Thevenot of first year to add to our family.*

* *Yvonne Mirasty and Toni Hamilton of second year will soon be joining the diaper patrol as we watch their wardrobes e-x-p-a-n-d.*

* *Congratulations to Lorraine Grimard, a third year student who will be married on August 22.*

* *Finally, we wish to thank our elders Vicki Wilson and Danny Musqua for their stay with us. Their presence enhanced our classes and their beauty and wisdom touched each of us. Although April has come and so has their time here, we will not say goodbye because they have become a part of our SUNTEP family and we hope they will visit often.*

So, now that April has come I can't say that life is anymore relaxed as a staff member that is was as a student. My time here has reminded me of what a privilege it is to be part of SUNTEP and I appreciate the various ways in which I learned from our students and Elaine, Michael, Julie, Murdine, Sandy and Shirley. Thanks to all of you for helping me survive the first year once again.

- Kathy Nelson, Faculty

GABRIEL DUMONT INSTITUTE STUDENT COUNCIL

On March 30, 1992 the Gabriel Dumont Student Council (GDSC) met to deal with a few crucial subjects that are important to student concerns. The first problem on the agenda that needed to be addressed was a new GDI Student constitution.

The GDSC needed to make a new student constitution because the old student constitution is now invalid due to the fact that SUNTEP student had to be appointed to the GDI Board position. To be fair we decided that the best person for the job should get it and it should not be decided on a technicality from the old student constitution. When the GDSC appointed Gerald Girourd and Philip Dorion as our GDI Board representatives we also decided to write-up a new constitution with the best interest of the GDI students in mind. We will table the results of this constitution by the end of the year.

The GDSC also talked about finding a single business to buy all the GDI jackets from. With an estimated six hundred students and faculty, we have a better chance to get a good deal than if we bought separately. The GDSC choose a certain color scheme in which the GDI students will have to vote on before May 16, 1992.

The GDSC then talked about student concerns. The most prevalent problem that the students are concerned with in the non-smoking policy. The GDSC is also concerned with it because we see it as a policy that breaks-up the class group association that is being promoted. So, the GDSC proposed that the GDSC clams representatives fill out a petition form and send it off to George Girourd before the May 16 deadline.

Other student concerns was the unfair way in which money is transferred for conferences. It seems to be first-come-first-served type of mentality or policy. Instead we want to have the money distributed more fairly. The GDSC also talked about whether they should incorporate or stay an association. In order to raise money for emergency funds or scholarships we need to incorporate. But we have to figure out the ramifications before setting out to do this.

When the coordinators meet next, the GDSC hope to start acting on most of the issues that have been addressed in the article. Further information will be posted in the Gabriel Dumont Institute Newsletter as we continue to meet.

ON THE LIGHTER SIDE.....

Brain Teaser:

What's the opposite of 'not in'?

Freddy Fatlip was having a problem with a groundhog in his front yard. He went to the local AgRep office to find out how to deal with the problem. After a moments thought the desk clerk said, "I would use the seven day method!" As Freddy had never heard of this method he enquired how it worked. The clerk patiently explained, "every morning for six days you drop an apple and a cookie down the hole, on the seventh day you simply drop an apple in the hole. When the groundhog pops up to demand the cookie, you clobber him."

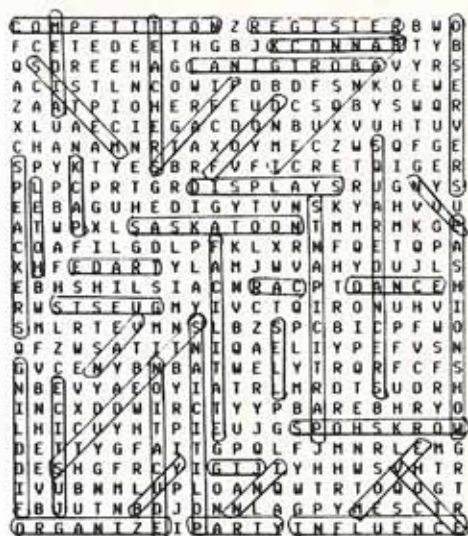

TEST YOUR SKILL:

1. Insert the missing number: 2, 5, 9, 19, 37
2. Which creature is the "odd man" out? Herring, Porpoise, Shark, Ray, Sole, Plaice.
3. The following letters in each name are mixed up. Place each in the correct order and decide which of the following is not an animal. - Lath-
peen, Ticreck, Helaw, Fefeoc
4. Insert the missing letter C 4 K 2 0 3

Answer to "Brain Teaser":

The opposite of "not in" is "in", although most people immediately say "out".

Answers to "Test Your Skill" :

1. "75" each number is twice thre preceding one with one added and subtracted alternately. Thus 37 is twice 19 minus 1, and 75 is twice 37 plus 1.
2. Porpoise is a mammal all others are fish.
3. Fefeoc is coffee and it is not an animal. The others are elephant, cricket and whale.
4. "U" each letter is twice the number of steps removed from the preceding letter as indicated by the number between the letters; thus, "K" is 2x4 steps from "C" and "U" is 2x3 steps from "O".

A bragging moment.. the Mouseketeers have done it. You are probably wondering who the Mouseketeers are. Well they are:

- Gale Badley
- Maureen Eyre (Captain)
- Amber Gervais
- Pat Kelly
- Janet Kurtz

These girls bowled on a league for a full 7 months through strikes, spares and a lot of gutter balls, but, they had loads of fun!

The last two weeks of the season the league had roll-offs. The Mouseketeers were on the "B" side on the very bottom, and on April 15, 1992 the last game, the team ended up at the top of the "B" side. On May 8, 1992 the Mouseketeers will pick up their trophy at the wind-up banquet.
