You are cordially invited to the Official Opening of the
Dennis and Jean Fisher Collection

November 15, 2011

10:30 a.m.

Gabriel Dumont Institute of Native Studies and Applied Research
#2 - 604 22nd Street West
Saskatoon, SK S7M 5W1

Dennis and Jean have graciously donated their collection of artefacts related to Batoche and the 1885 Resistance to the Gabriel Dumont Institute (GDI). The Dennis and Jean Fisher Collection is a significant addition to the GDI museum and archives and includes one-of-a-kind items which will enrich our understanding of 1885 and Métis history.

The Fishers have carefully collected and documented these items for the last fifty years. The collection also includes memorabilia from Métis-related events such as the Centennial of the 1885 Resistance and the commission of the Bill Epp statue of Gabriel Dumont now residing in Friendship Park in Saskatoon.

Dennis and Jean will be present as we acknowledge and celebrate their gift to the Institute.
